PO Box 1450
Alexandria, VA 22313

Re: Novel Modified MSP-1 Nucleic Acid Sequences and Methods for Increasing
MRNA Levels and Protein Expression in Cell Systems
Application No. 10/082,018
Filing Date: 20-Feb-2002
Our Reference: GTC-39C

Dear Examiner Crouch:

Thank you for your facsimile of July 27, 2005 and for providing a revised claim set for our review. We have reviewed the rewritten claim set and are agreeable to your amendments. We respectfully request that you proceed with an Examiner's Amendment based on the claim set provided and look forward to the allowance of the claims.

Thank you for your assistance.

Best Regards,

A handwritten signature in black ink, appearing to read 'Byron V. Olsen'.
